### **ABOUT MHACA**

MHACA is a specialist psychosocial recovery and mental health promotion organisation with a strong presence and reputation in the community. We strive to make a difference in the lives of people with a mental illness by supporting participant-driven mental health recovery and assisting communities and organisations to actively improve their mental health and well-being.

Our psychosocial support services and educational programs aim to enhance the mental health and wellbeing of people living in Central Australia through a range of programs and activities including:

- NDIS funded support coordination, capacity building, living skills and social and recreational activities.
- Individual support to people experiencing mental illness.
- Tenancy support to people who are homeless or at risk of homelessness.
- A day program offering group activities and peer support.
- Mental health promotion to reduce stigma and raise community awareness.
- Support remote Aboriginal communities to build awareness and community capacity to implement suicide prevention strategies.
- Training in mental health first aid, suicide intervention, workplace health and related areas.
- Advocacy for improved services at local, state and national levels.

### **Position Summary:**

MHACA's Support Coordination Team assists NDIS participants with mental health difficulties and a permanent and significant disability to access quality formal and informal support services in their community. The Support Coordinator will have responsibility for establishing and maintaining a positive collaborative relationship with the participant. They have responsibility for ensuring the participant is linked to the services and supports that will allow them to achieve the goals articulated in their NDIS Plan. The Support Coordinator will actively be involved in the development, implementation, monitoring, review and reporting of participants programs with key stakeholders.

Participants are supported and encouraged to have control and choice over how, when and where those supports are provided. Support Coordinators are employed to facilitate this process and help participants and their families seek opportunities to build capacity to enable them to reach greater levels of independence and improved quality of life.
